PREFACE

My Project is about Precaution from very dangerous corona virus.

Corona is a very dangerous virus which is around all over earth. Corona has climed countless lives. Their for I create useful project for precaution from corona virus.

From my website you will learn how to stay protected from this horrible thing.

ACKNOWLEDGEMENT

I would thanks to my class teacher Mayur sir who gives me way to how I create this project and also thanks to mital mam who helps me in some little things like editing and basic codes.

Many people have contributed to make this project a reality, and I would like to thank them all. I guess I should start with the our Admin who has encouraged us to do project with our best efforts.

I express my sincere gratitude Mayur Sir(Project Guide) for his timely help and guidance at every stage of execution and development of the project. He always encouraged me. Whenever i have any kind of problem, he paid attention to them.

My special thanks to our college staff who is very much co-operative & helpful throughout the LAB session. Without their co-operation project would not be successful. They taught me on how project can be better and successful.

INTRODUCTION

My Project about Precaution from corona virus.

Precaution From Corona Website :-

From my website you learn about how we stay protected from this terrible thing.

Maintain a safe distance from others, even if they don't appear to be sick.

Wear a mask in public, especially indoors or when physical distancing in not possible.

Choose open, well-ventialled spaces over closed ones. Open a window if indoors.

Clean your hands often. Use soap and water, or an alcohol-based hand rub.
